

SRP PROJECT of the MONTH

JOHN MARSHALL HIGH SCHOOL NEW FIRE ALARM SYSTEM

Simmons, Rockecharlie, and Prince was commissioned by the City of Richmond School Board to design a new Fire Alarm System for John Marshall High School. The School encompasses over 250,000 square feet. The existing system did not meet current codes and was subject to vandalism, disrepair, and nuisance faults. The existing building was surveyed and the original drawings were reviewed in the design of the new system. The new system contains over 450 devices. It was installed over the Summer of 2004 break. The project was well under budget and completed on time by the Contractor. There were no change orders associated with this project.
