

# *SRP PROJECT of the MONTH*

---

## *NATIONAL DISTRIBUTING COMPANY WAREHOUSE*

National Distributing Company located in Sandston, Va., recently completed a 102,000 square foot warehouse expansion. The new warehouse is ventilated by eleven 19,000 CFM roof mounted fans interlocked with wall mounted intake louvers. The entire facility is heated by two 1200 MBH Direct Fired Cambridge Makeup Air heaters located on the roof and shown below. Five 60 foot long infrared heaters are located above the dock doors to keep the dock area comfortable during shipping and receiving. A 10,000 square foot wine cooler is maintained at 68 degrees by two 8.5 ton rooftop units. A new 1600 amp, 480 volt electric service was installed to feed the new expanded warehouse and also to back feed the existing facility. The facility is fully sprinkled and is served by a 60 HP fire pump.
